

### ✓ Full Steel Panel UR SP

UR SP Full Steel modular panels are ideal for creating storage areas that keep goods hidden from view. UR SP are constructed with profiled steel plates and are available in a variety of standard heights and widths, making it easy to adapt the wall to a variety of spaces.

UR SP panels are part of the same module-based system as our mesh panels and are therefore fully compatible with UR 350 and UX 450.

### FACTS

Art no	Width (mm)	Height (mm)	Weight (mm)
35020501	200	2200	5.14
35030501	300	2200	6.3
35070501	700	2200	11.72
35080501	800	2200	12.41
35100501	1000	2200	15.12
35120501	1200	2200	17.3

See separate product datasheet for assembly components.

#### Frame dimensions:

Tube 19x19mm

#### Steel thickness:

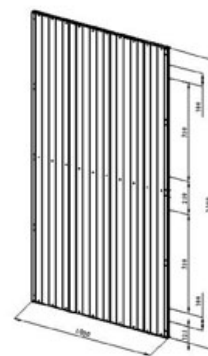

0,7mm

#### Standard colour:

Grey RAL 7037

#### Other RAL colours:

On customer's request  
(Not available in Hot Dip Galvanized)
