

## ✓ Mesh Panel UR 350

Caelum mesh partitioning is a modular system available in various widths and heights that is suitable for industrial storage applications. Mesh panels can be modified on-site to fit any space, providing security where required.

Panels are constructed with a tubular welded frame that provides added strength. The system is fully demountable and relocatable, and allows natural light and ventilation.

Panels are supplied powder coated as standard with a grey RAL 7037 finish; however other RAL colors are available upon request. Panels can also be supplied hot dip galvanized for external use or in cold storage areas.

### FACTS

Art no	Width (mm)	Height (mm)	Weight (mm)
35020001	200	2200	3.1
35030001	300	2200	3.7
35070001	700	2200	5.8
35080001	800	2200	6.5
35100001	1000	2200	7.3
35120001	1200	2200	8.5
35150001	1500	2200	9.5

See separate product datasheet for assembly components.

#### Frame dimensions:

Tube 19x19mm
