

## ✓ Mesh Panel UX 450

Caelum mesh partitioning is a modular system available in various widths and heights that is suitable for industrial storage applications. Mesh panels can be modified on-site to fit any space, providing security where required. Applications can range from 800 mm high to a complete floor to ceiling wall.

Panels are constructed with a sturdy welded frame that provides added strength. The system is fully demountable and relocatable, and allows natural light and ventilation.

Panels are supplied powder coated as standard with a grey RAL 7037 finish; however other RAL colors are available upon request. Panels can also be supplied hot dip galvanized for external use or in cold storage areas.

### FACTS

Art no	Width (mm)	Height (mm)	Weight (mm)
36020011	200	800	2.1
36030011	300	800	2.5
36070011	700	800	4
36080011	800	800	4.79
36100011	1000	800	5.11
36120011	1200	800	5.9
36150011	1500	800	7.4
