☑ Full Steel Panel ST P

ST P Full Steel panels from Troax are constructed with a profiled steel plate. A safety distance of 120mm can be achieved and they offer good protection against UV light from welding and grinding applications. ST Full Steel panels are available in a range of standard sizes, making it easy to adapt the wall to a specific application. ST Full Steel panels can be combined with Troax ST 30, ST 20, and ST PC.

FACTS

Art no	Width (mm)	Height (mm)	Weight (mm)
