

✓ PC Panel ST 30

From time to time mesh simply isn't enough. Therefore Troax carries a modular line of polycarbonate panels. Where strength and endurance is one of the important factors, the strength were reached by using a 3 mm sheet of polycarbonate together with a unique method of gluing the PC to the steel frame. It's unique in our business, but the technique is widely used in auto manufacturing for gluing windscreens on cars and trucks.

FACTS

Art no	Width (mm)	Height (mm)	Weight (kg)
29602666	200	2000	6.7
29602676	300	2000	8.5
29602686	700	2000	15.5
29602696	800	2000	16.4
29602706	1000	2000	18.9
29602716	1200	2000	23.4

The Mesh Panels above can also be used in our systems Smart Fix and Safe Fix.

Frame dimensions:

Tube 30x20mm
