

✓ Full Steel Panel ST P

STP safety panel system from Troax with a profiled steel plate which enables 0 mm safety distance, and gives a good protection against light from welding and grinding applications. The full steel system, STP is part of the same module based thinking as the rest of the Troax systems. STP consists of standard sections in various widths which make it easy to adapt the wall to a variety of spaces. STP can be combined with Troax ST30, ST20, and STPC.

FACTS

Art no	Width (mm)	Height (mm)	Weight (kg)
44020021	200	2000	6.27
44030021	300	2000	7.6
